# Why do we exist?

**Information Management** is the key to any business for their growth.

**Statistical Data and Analysis** is needed for sound business decisions with positive financial impact.

**Efficiency and Effectiveness** is what most business are striving for, but with no effective systems, this will never be realized.

## Our Market

Our primary target market at the moment are all private education institutions in Tanzania. We have a vision of spreading throughout the country and make our effect visible in public and private schools.

We also serve public institutions; those we have worked with in the past.

Our target market has a total of 4,662 secondary and 17,165 primary schools (2016 data)
